

How Does the "Business Roundtable" Relate to the Illuminati?

Sixbert SANGWA • September 06, 2024

The [Business Roundtable](#) represents a key organization within the global network of secret societies and elite control systems. Founded by powerful figures such as Cecil Rhodes, Lord Alfred Milner, and heavily financed by the Rothschild family, the Business Roundtable serves as a political and economic hub designed to further the interests of a global elite that seeks dominion over the world's resources and people. This organization is believed to play a significant role in the [Illuminati Agenda 21](#), a plan for global control, under Antichrist leadership. Understanding this secretive group's influence is crucial for Christians who want to recognize the spiritual battle being waged in the economic and political realms.

The Business Roundtable was established in the early 1900s, largely through the efforts of Cecil Rhodes and Lord Milner. These figures, both deeply connected to Freemasonry and the Rothschild banking dynasty, envisioned an organization that would help to preserve and expand British imperial control over global economies. Rhodes, a British mining magnate, also founded the De Beers diamond company and the Rhodes Scholarship, while Milner played a key role in financing the Russian Bolsheviks on behalf of the Rothschilds.

The secretive nature of the Business Roundtable mirrors the hidden activities of the Illuminati and similar groups. It is built on the principles of deception and manipulation, with the goal of consolidating power in the hands of a few elites. This pursuit of dominance is in direct contrast to biblical teachings, which warn against the dangers of hoarding wealth and power. [Proverbs 22:7](#) says, *"The rich rule over the poor, and the borrower is slave to the lender"*.

The Rothschilds, along with other elite families, have used the Business Roundtable to exert control over fiscal policies, monetary systems, and political leadership across the world. This control was strengthened through their creation of affiliated organizations such as the *Royal Institute of International Affairs* (RIIA) in London, which later spawned the *Council on Foreign Relations* (CFR) in the United States and other sister organizations worldwide.

These groups, funded by powerful corporate entities like ExxonMobil, Royal Dutch Shell, and BP Amoco, operate behind the scenes to influence global policies that serve their interests. Furthermore, this hidden network uses its immense wealth from monopolies in gold, diamonds, oil, and drugs to manipulate international events and secure their dominance. This explains the role the Business Roundtable and its affiliates play in shaping world events to benefit a small, elite group at the expense of the masses. Jesus warns in [Matthew 6:24](#) that *"No one can serve two masters... You cannot serve both God and money"*. This scripture highlights the fundamental spiritual conflict at the heart of these organizations, as they prioritize material gain over spiritual truths and the well-being of humanity.

Historically, the Business Roundtable was used as a tool of British imperialism. The elite members of this group, often referred to as the *Round Table of Initiates*, were linked by bloodlines and a shared desire to control the world's resources. Members included prominent figures like Arthur Balfour, Albert Grey, and Nathan Rothschild. The Roundtable takes its name from the legendary Knights of the Round Table, adding a mystical dimension to their operations, which reflect the Illuminati's use of symbols and rituals to advance their agenda.

One example of the Roundtable's influence is the 1917 Balfour Declaration, which supported the establishment of a Jewish homeland in Palestine. The document, penned by British Foreign Secretary Arthur Balfour and addressed to Lionel Walter Rothschild, served not only as a diplomatic gesture but also as a strategic move to secure the Rothschild family's control over the oil-rich Middle East.

This act of imperialism set the stage for decades of conflict in the region, aligning with the Illuminati's larger goal of controlling global resources and keeping nations divided. Jesus said, *"Blessed are the peacemakers, for they will be called children of God"* ([Matthew 5:9](#)), yet the Roundtable's actions have often fomented division and strife, furthering a Satanic agenda rather than promoting peace.

From a spiritual perspective, the Business Roundtable represents more than just a political or economic power structure—it is a manifestation of the ongoing battle between good and evil. The Roundtable's pursuit of global control, wealth, and influence aligns with Satan's temptation of Christ in [Matthew 4:8-9](#), where the devil offers *"all the kingdoms of the world and their splendor"* in exchange for worship. For Christians, the Business Roundtable is a warning against the dangers of aligning with worldly power and wealth. The Bible calls believers to seek first the Kingdom of God and His righteousness, rather than placing their trust in money or human institutions ([Matthew 6:33](#)). Understanding the role that the Business Roundtable plays in the larger Illuminati agenda helps Christians to stay vigilant and discerning in these times of global deception.

In short, the Business Roundtable is a powerful organization that wields tremendous influence over global financial and political systems. Rooted in the ambitions of secret societies like the Illuminati and heavily influenced by elite families like the Rothschilds, it continues to work towards the consolidation of power in the hands of a few. As Christians, it is vital to recognize this influence and understand the spiritual battle being waged against humanity. The Bible reminds us in [1 Timothy 6:10](#) that *"the love of money is a root of all kinds of evil"*. We must reject the materialism and deception perpetuated by organizations like the Business Roundtable and stand firm in the truth of God's Word. By doing so, we resist the Luciferian agenda and remain faithful to our calling as followers of Christ.
